

News Release.

December 28th, 2008

The NDFC has secured WDF as well as BDO Invitational table ranking points for the three newest WDF ranked tournaments in Canada. This means Canada now has six WDF ranked tournaments.

Following our meeting with the respective executives in Bridlington England, the ranking points for both tables were approved. The NDFC (Mary Dezan and Bill Hatter) presented the application on the grounds that tournaments carrying both WDF and BDO Invitational table ranking points would be more advantageous to all participants in the quest for placement at the BDO and WDF major events. (Originally the WDF ranking was awarded without BDO Invitational table points).

The opportunity for our players has never been more promising as there are now thirteen tournaments in North America that carry WDF ranking points, with some carrying BDO Invitational Table ranking point's. All Canadian WDF ranked events carry BDO Invitational table points. Players in North America can now pursue points without having to travel to Europe or other countries outside the US and Canada.

This should enhance attendance at tournaments because it is now more attainable for our players in Canada to earn points while increase the likelihood of becoming a threat to the top ranked players on the WDF and BDO lists respectively. As well, it should increase the possibilities that could place our players within striking distance of pre qualified positions into major tournaments that require pre qualifying. (World Masters, World Professional etc).

The tournaments in North America are:-

Bob Jones Memorial	(On)	CANADA
Colorado Open	(CO)	USA
Klondike Open	(AB)	CANADA
Quebec Open	(QC)	CANADA
