- A. All darts events in Canada, sanctioned or under the direct control of the National Darts Federation of Canada (NDFC), shall be played under the following NDFC Rules of Play.
- B. In order for a tournament to be sanctioned and/or ranked by the NDFC, the Tournament Organizers must comply with the rules and obligations as defined in the official NDFC National Ranked Tournaments Guidelines, which form Appendix B to the Playing Rules, but which are not included in this document.
- C. Copies of the official NDFC National Ranked Tournaments Guidelines may be obtained by Member Bodies or Organizers, by writing to the General Secretary of the NDFC.
- D. With respect to Open National Ranked Tournaments, 'shall be played under the following NDFC Rules of Play', as referred to in Rule A, shall encompass only the Men's Singles and Women's Singles events, unless specified by the Tournament Organizers that other events are being played by these same rules.
- E. Masculine gender references shall encompass equally the female. Singular terms shall, where necessary, apply to the plural.

F. *Any rule not covered by the NDFC Official Rules of Play will refer to WDF Rules of Play and these shall be binding.*

Playing Rules	means all rules governing the sport of darts as applied to darts events under the jurisdiction of the NDFC or its Member Bodies.
Member Body	means the official body administering the sport of darts in any particular Province or Territory of Canada.
Organizers	means the person(s) appointed, or approved, by the NDFC Executive Committee to organize and administer a tournament.
Tournament Director	means that individual who is in final charge, and who has final discretionary powers, at any tournament.

Note that for particular matches, especially those played on stage, more than one scorer may be appointed.
Leg	means that element of a dart match which is recognized as a fixed number. (e.g. 501, 1001, etc.).
Set	means an odd number of legs forming part (or all) of a darts match. A player or team is deemed to have won a set by winning a majority of the total legs comprising the set (e.g. the player that first wins 3 legs in a 'best of 5' set). Note that often a match will consist of only one set as herein defined.
Match	means the total number of sets or legs being competed for between two players or teams.
Oche	refers equally to the toe line, or the raised toe barrier.
Player	unless otherwise specified, shall mean equally a single player or a team of any number of players.
Round Robin	A complete Round Robin shall consist of all players entered in the event playing a match against each other opponent entered in that event. The results of this complete Round Robin may constitute the final results of the event. However, often the final round(s) of Round Robin events shall be knock out.
Modified Round	means that all players are divided into sections (not to differ in quantities by more than one player),
Robin	where upon completion, all or a predetermined number of players are placed into a knock out draw according to their finishing position in their section. May also be referred to as 'sectional round robin'.

## GENERAL PLAYING RULES

- 1.0 Players shall provide their own darts, which shall not exceed an overall maximum length of 305 mm (12 inches), nor weigh more than 50 gm. Each dart shall consist of a needle shaped point, which shall be fixed to a barrel. At the rear of the barrel shall be an attached flighted stem, which may consist of up to four separate pieces (e.g.: a flight, a flight securing device, a flight protecting device and a stem.
- Ruling on "Breakaway Points" & "Multipoint" darts is as follows: **Any dart that does not maintain compliance with NDFC Playing Rule 1.0 when in use in competitive match play shall be deemed to be "illegal" and any points attained by the use of that dart shall be declared void.**
- 2.00 The NDFC reserves the right to seed players or teams, in certain events.
- 3.00 All players or teams shall play within these rules, and within any supplementary rules announced in the Program.
- 4.00 All players or teams shall play under the supervision and direction of NDFC appointed organizers and officials in all darts events organized under the jurisdiction of the NDFC.
- 5.00 Trophies awarded to players or teams become the property of those players or teams, except in the case of challenge or perpetual trophies, which shall be returned to the organizers upon request.
- 6.00 Any player or team failing to comply with any of these rules, or any supplementary rules as defined in 3.00 above, shall be liable to disqualification from the event.
- 7.00 The interpretation of any rules at a darts event shall be by the Organizers, or Tournament Director, whose decisions shall be final and binding during that tournament.
- 8.00 Information concerning such interpretations shall be forwarded to the NDFC Executive Committee for consideration and possible inclusion in a revised version of the NDFC Rule Book.
- 9.00 Any matter not expressly covered by these rules, or interpretations of these rules at times other than during a particular darts event (see 7.00 above) shall be determined by the NDFC Executive Committee, (or by members appointed by them for these purposes), whose decision shall be final and binding.

## 10.00 THROW

- 10.01 A player shall throw from a standing position, excepting only in those circumstances when a physical disability or physical injury requires a player to adopt a non-standing position. (e.g. a wheelchair or similar form of support)
- 10.02 All darts must be deliberately thrown, one at a time, by, and from, the player's hand.
- 10.03 A 'throw' shall consist of three darts, unless the leg being played is finished in less than three darts, or unless the player 'busts'.
- 10.04 Any dart bouncing off, or falling out of, the dart board shall not be rethrown. (Exception: when throwing for the Bull to determine playing order, see 16.15.05.)
- 10.05 If a player, during a throw, touches any dart that is in the dartboard, then that throw shall be deemed to have been completed.

## 11.00 STARTING AND FINISHING

- 11.01 Unless otherwise stated in the playing format for a particular event, each leg shall be played with a straight start, and the finish must be by scoring the correct double, which reduces the score remaining to zero.
- 11.02 Unless otherwise stated in the playing format for a particular event, the Bull shall count as 50 and is considered as double 25 for purposes of finishing a game.
- 11.03 The 'Bust' rule shall apply. (e.g. If a player scores more than the amount remaining, or scores one less than the amount remaining, that score shall not count, the 'throw' shall be considered over, and the player's score shall revert to that existing prior to the opponent's last throw.)
- 11.04 'Game Shot' called by the referee or caller is valid only **if** the darts thrown achieve the required finish as shown on the score sheet, and remain in the board until retrieved by the player **or designated retriever** after Game Shot has been called. The player's opponent shall be afforded time to verify the called 'Game Shot'. In order to prevent a dart from falling out during that period, the thrower **or designated retriever** may 'Hold' the dart in the board by pressing on the end of the flight.
- 11.05 The NDFC does not recognize the principle of 'equal darts', except in competitions that do not involve alternate throw by two or more players. A player who checks out by obtaining the required score, in accordance with these playing rules, has won that leg.
- 11.06 Any darts thrown after the player has achieved the required finish shall not be counted, as the leg is over at the time that the required finishing double is scored.

## 12.00 SCORING

- 12.01 A dart shall only score if the point remains in, or touching, the face of the dart board, having been legally thrown; and after being 'called', has been retrieved by the thrower **or designated retriever**.
- 12.02 The score counted is that of the scoring segment that the point of the dart first entered and remained in, e.g. if the point of the dart passes under the wire into another scoring segment of the board, the score recorded is that of the original segment, not that of the segment into which the point has passed.
- 12.03 Darts shall be retrieved only after the score has been 'called' by the referee and recorded by the scorer or marker.
- 12.04 A protest about the score attained, or called, after the darts have been retrieved, shall not be upheld.
- 12.05 All scores marked, and subtractions made, should be checked by the referee; the scorer; the thrower and the opponent after each throw, and where practical, before the next players throw commences.
- 12.06 All requests to check scores recorded, or subtractions made, shall be made before the next throw of the player or team concerned. In the event that a subtraction error is noted, the next opposing player's throw shall not be interrupted, and the score shall be corrected after that throw is complete.
- 12.07 The actual score required by a player or team shall be displayed on a score board or sheet, clearly visible, approximately at eye-level, in front of the players, referee and scorer.
- 12.08.01 A player may ask the amount scored with any dart, or darts, or the score remaining. Indications of the required 'double', or any combination of scores required to finish, shall not be given by the scorer or referee. A player may, however, request assistance from his partner or captain, but must first step back from the oche. In stage games, no assistance may be given to any player during a singles match.
- 12.08.02 The above notwithstanding, each player is responsible that any finishing double attained is the correct one.
- 12.08.03 The score obtained is that which is actually scored at the end of a players throw as per 12.01 through 12.04, NOT any score identified in error by the referee during the player's throw.
- 12.08.04 The score remaining is that which actually remains after any points scored have been subtracted from the score shown on

the score sheet or board, NOT any score remaining stated in error by the referee during the player's throw.

- 12.08.05 In the event that an error is made by the referee in either 12.08.03 or 12.08.04 such that the player throws for the wrong remaining score, any such darts thrown after the error shall be declared void, retrieved, and rethrown.
- 12.09 The first player or team to reduce the score required to exactly zero, by obtaining the required double, is the winner of the leg.
- 12.10 The referee, or caller, shall act as umpire in all matters pertaining to the playing rules when conducting a darts match, and shall, if necessary, consult with scorers and/or other officials, including the Tournament Director, before announcing any decisions during the course of a leg, set or match.
- 12.11 No player(s) can refuse an official scorer, marker and/or referee.
- 12.12 All scoring shall be marked from Left to Right, Left to Right. Example of setting up a score sheet or scoreboard:

- 12.13 Should any player be found to have thrown out of turn during a match, that score and any additional scores recorded after that shall be considered null and void. The game shall continue, in the proper order of rotation, commencing with the player that should have shot prior to the error occurring.

### 13.00 DARTBOARDS

- 13.01 All dart boards used in all events organized under the auspices of the NDFC, or sanctioned by the NDFC, shall be official 'NDFC Approved' dart boards, at the 1-20 clock pattern, unless the organizers have received written consent of the National Darts Federation of Canada. (see illustration)
- 13.02 The inner narrow band shall score triple the segment value.
- 13.03 The outer narrow band shall score double the segment value.
- 13.04 The outer centre ring (Outer Bull) shall score 25.
- 13.05 The inner centre ring (Inner Bull) shall score 50.
- 13.06 All the wires forming the segments, doubles, trebles, inner and outer bulls, which together form the 'spider' shall be affixed to the face of the dart board in such a manner that they all lie flat on the face of the board.
- 13.07 The dart board shall be fixed so that the vertical height from the floor, at the same horizontal plane of the oche, to the centre of the bull, shall measure 1.73 metres. (5 ft 8 inches).

13.08 The '20' segment shall be at the top of the board, bisected by the extension of a plumb-line dropped from the centre of the bull, and shall be black.

13.09 A player or team captain shall have the right to request the changing, moving or rotation of a board during the course of a match. In the event that the opposing player, or team captain, does not agree, the matter shall be referred to the referee, (or if no referee is appointed, the scorer) whose decision shall be final. A player or team captain has the right to demand that the height of the board be checked during a match, and this check shall be performed by the scorer or referee. Any such replacement, moving rotation or checking of the board shall only be performed between legs of the match.

13.10 Adjustments to the position of, or the changing of a dart board, shall only be carried out by a match official.

### 14.00 LIGHTING

14.01 For all events organized or sanctioned by the NDFC, all 'floor' dart boards shall be adequately lit by a suitably positioned light fitted at each dart board, of a minimum light intensity equivalent to that of a 100-watt spotlight.

14.02 Dart boards used in 'stage' games shall be adequately lit by suitably positioned lights, (minimum two), of equal intensity, and having a total light intensity equivalent to that given by a minimum of two 100-watt spotlights.

14.03 All light fittings must be fitted with screens or shades to divert direct light away from the players' eyes when standing at the oche.

14.04 In stage finals the general level of illumination can be augmented by use of spotlights and flood lights, but care must be taken to prevent the introduction of unnecessary shadows on the dart board during play.

### 15.00 OCHES (Toe Lines)

Note: It is strongly recommended that a raised oche, as described below, be used whenever possible in all organized competitive darts, and especially and specifically for events organized or sanctioned by the NDFC. When a raised oche cannot be used, the dimensions and rules given below shall, where applicable, apply to painted or taped toe lines. When such lines are used, it must be clearly stated, prior to the start of play, whether the back or the front of the line marks the minimum throwing distance.

15.01 A raised oche, of minimum dimensions 38 mm high and 610 mm long (1.5 inches high and 24 inches long) shall be placed in position at the minimum throwing distance so that the back of the oche is 2.37 metres (7 feet - 9 1/4 inches) horizontally from a plumb line dropped from the centre of the board.

15.02 The diagonal distance from the centre of the board to the back of the oche, at floor level, shall be 2.93 metres (9 feet 7 1/2 inches).

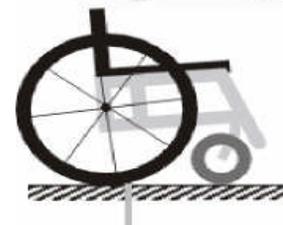

15.03 When the dart board and oche are placed on a raised area (stage), such stage shall be constructed so that the board and oche are approximately centered laterally, the minimum width at the oche shall be 1.525 meters (5 feet), and the minimum depth of standing area to the rear of the oche shall be 1.22 metres (4 feet).

15.04.01 No player may tread on any part of a raised oche nor tread on any area of floor in front of a painted or taped throwing line during play, unless otherwise stated in these rules.

15.04.02 No player shall deliver any dart with their feet in any position other than behind the oche or throwing line or extension thereto and both of the thrower's feet shall remain behind the throwing line until the dart has left the thrower's hand.

15.04.03 If a player is required to use walking aids due to a disability or limited mobility, the following provisions apply:

- i) A *crutch* shall be considered a part of the player's foot and the point of contact

- for a *crutch* must be behind the throwing line until the dart has left the thrower's hand.
- ii) The back wheels or legs of a *walker* shall be considered a part of the player's foot and the point of contact for the back wheels or legs must be behind the throwing line until the dart has left the thrower's hand. The front wheel(s) or leg(s) of a *walker* shall be permitted in front of a raised, painted or taped throwing line. OCHE
- iii) The back wheels of a wheelchair shall be considered the player's feet for the purposes of these rules and the point of contact for the back wheels must be behind the throwing line until the dart has left the thrower's hand. The player's actual feet and the front wheels of a wheelchair shall be permitted in front of a raised, painted or taped throwing line.
- 15.05 If a player wishes to throw one or more darts from a point either side of a raised oche, an imaginary straight line shall be used on either side and considered part of the actual raised oche.
- 15.06 Any player in breach of rule 15.04 shall first be warned by the referee, or caller, in the presence of the player's captain or team manager. Any subsequent dart thrown in breach of those rules shall not score, and will be declared invalid by the referee or caller. The referee or scorer shall not be required to warn a player prior to the delivery of a subsequent dart that the player is standing in breach of these rules, but the invalidity of the dart shall be declared immediately following the delivery of the dart. The referee, or the Tournament Director, is empowered to appoint a foot judge in the case of repeated infringement of these rules.
- 15.07 A player or team captain shall have the right to request that the dimensions and positioning of the oche be checked, and the referee or caller, shall cause this to be done, but only prior to, or at the completion of, the leg in progress.
- 15.08 Any adjustments to the positioning of the oche shall only be made by a match official.
- 16.00 TOURNAMENT AND CHAMPIONSHIPS**
- The NDFC recognizes three categories of Tournament; Closed, Invitational, and Open. Closed Tournaments are run for the benefit of NDFC members only. Invitational Tournaments are subject to restricted entry to the invited players. Such players may be invited by name, or various bodies. Member Bodies of the NDFC and the registered darts bodies of the countries may be invited to send one or more players on their own selection. Open Tournaments are run for the benefit of all darts players, subject only to the NDFC Rules of Eligibility (See Rule B and D).
- 16.01 All players and teams shall play under the supervision and direction of the Organizers, Tournament Directors or other Officials in all events organized or sanctioned by the NDFC.
- 16.02.01 All events organized or sanctioned by the NDFC (see Rule A and D) shall be run as Round-Robin (R/R), Modified Round-Robin or Knock out events (see Definitions). For NDFC Tie Breaker Rules, see Rule 20.00.
- 16.02.02 In all NDFC organized or sanctioned events (See Rule A & D), all matches shall consist of the minimum of the best 2 or 3 legs, with the exception of any tie-breaker rules (see Rule 20). Unless otherwise previously advertised in the program, the games shall be straight in, double out starting at 501 for singles and doubles, 601 for triples and 701 for four-person events.
- 16.03 The NDFC or the Organizers reserve the right to cancel or change all dates, venues or formats, without prior notice, to accommodate unforeseen circumstances, subject only to announcement of such change on a timely basis.
- 16.04 Decisions on all matters pertaining to the NDFC playing rules in any NDFC organized or sanctioned event shall be made by the Organizers whose decision shall be final and binding during that tournament.
- 16.05 Any player or team found guilty of deliberately losing a leg, set or match in an event shall be disqualified from further play within that tournament. The NDFC and its Member Bodies reserve the right to take disciplinary action against such player or team (see Rule 18).
- 16.06 No player or team, having been eliminated from an event, shall play again in that event, either as a substitute or in their own right, excepting in those circumstances when a breach of the NDFC playing rules has occurred which has materially affected the losing player or team; such breach not having been caused by the losing player or team. The organizers may, at their own discretion reinstate the player or team in the event, either in substitution for, or in addition to, the winning player or team.
- 16.07 If a player or team representative is not present at the official presentation ceremony to receive trophies, prizes or prize monies, without the prior permission of the Organizers or promoters, that player or team shall forfeit the right to receive any trophies, prizes or prize monies that may be due as a result of that tournament.
- 16.08 Any player or team, not fulfilling the player commitments of the event by failing to complete all scheduled matches, including Grand Finals, without the prior permission of the Tournament Organizers or promoters, shall forfeit the right to receive any trophies, prizes or prize monies that may be due as a result of that event and may be subject to disciplinary action.
- 16.09 If any additional expenses are incurred as a result of a default by a player or team, that player or team shall be liable for those additional expenses.
- 16.10 In the event that a player or team is involved in, or causes, any action considered to have brought the sport of darts into disrepute, or which tarnishes the image of the sport in the opinions of the sponsors or promoters, then that player or team may be subject to disciplinary action, which could include the imposition of fines, suspensions, or other penalties.

- 16.12.10 All players participating in any event shall play under their own name.

### 16.13 REGISTRATION

- 16.13.01 All players or teams shall register at each darts event within the specified time parameters announced by the Organizers.

- 16.13.05 A maximum of THREE minutes shall be allowed, from the time of calling on the public address system, for a player or team to report to the Control Desk, or the designated Match Board, whichever is applicable. - 16.13.07 A player or team has the right to be advised of the scheduled time of their next match in which they will be involved.

### 16.14 DRAW

- 16.14.01 Unless otherwise stated in the tournament literature, there shall be only one draw in any darts event.
- 16.14.02 In a Knock-out event, all 'byes' shall be taken in the preliminary round. The organizers shall first announce all players with board assignments and then announce the name of each player on the 'bye'.
- 16.14.03 Draw sheets shall be displayed, where possible, at the Control Desk, at the Match Board, or at a convenient point in the playing area.

- 16.14.06 When an error has occurred, resulting in an incorrect bye or incorrect match assignment, any affected match(es) shall be stopped and all results for incorrectly assigned match(es) shall be considered null and void. The error shall be corrected and the proper match(es) shall commence.

### 16.15 ORDER OF PLAY

- 16.15.01 In all NDFC organized or sanctioned events (see Rule A & D), the order of play shall be decided by a coin toss.
- 16.15.02 The winner of the toss shall throw first in the first leg of the first set, and alternate legs thereafter in that match, except that for the final leg of the final set, if required to be played, Rule 16.15.04 shall apply.
- 16.15.03 The loser of the toss shall throw first in the second leg of the first set, and alternate legs thereafter, except that for the final leg of the final set, if required to be played, Rule 16.15.4 shall apply.

NOTE: With reference to rule 16.15.02 and 16.15.03, the alternation of players shooting first shall be maintained as if all legs were to be played, even if one or more sets do not last the full number of games. E.g.: if each set consists of three legs, and player A throws first in the first leg, and player B throws first in the second leg, and one player wins both legs, so that the third leg of that set is not played, player B will still throw first in the first

leg of the second set, as if the third game of the first set, (with player A throwing first) had been played.

- 16.15.04 In the last and deciding leg of the last and deciding set, the winner of the original toss shall have the option of throwing first at the bull, or having the loser throw first at the bull. Each player (or in the case of team play, one nominated player from each team) shall throw one dart at the bull, and the player whose dart is closest to the bull shall throw first in the leg. (see Rule #16.15.05)
- 16.15.05 Whenever players are to throw at the bull to decide throwing order, the following details shall apply:
- Each player shall have 'a dart that remains in the scoring area' of the dart board. If the first thrower's dart lands in the inner bull, or 50, it shall be removed if it requested by the second thrower before the second thrower throws. This removed dart shall be considered 'a dart that has remained in the scoring area'. Players shall not have the option of having the opponent's dart removed from the outer bull, or 25.
- A dart shall not be considered to have 'remained in the scoring area' if the dart:
- bounces out,
  - falls out,
  - lands outside the outer double wire, or is knocked out by the opponent's dart.

A dart shall be thrown again until both players have 'a dart that remains in the scoring area'.

Darts shall be adjudged equal if each dart: - is outside of the outer bull and considered to be the same distance from the centre, - is in the outer bull, or 25, regardless of the relative proximity to the wire of the inner bull, or 50. (On many boards this ring is not exactly centered in the outer bull.) , or has 'remained in the scoring area' of the inner bull, or 50.

If adjudged equal, the throw for the middle shall be repeated, with the throwing order reversed.

## 20.00 NDFC TOURNAMENT TIE BREAKER RULES

20.01 The official NDFC Tie Breaker Rules, as follows, shall be used in all NDFC Championships and Tournaments.

The purpose of the following detailed explanation is to avoid arguments pertaining to the methods being used to break ties. These tie-breaker rules are to be used for ALL events organized or sanctioned by the NDFC (see Rule A & D).

20.02.01 The following rule shall apply when two or more players or teams are tied and only a portion thereof will advance to the next round.

Where one of more of the players or teams tied will be eliminated from advancing to the Knock-Out Round, final positioning shall be determined by:

'One game of \_01, 200 points higher than that of the round-robin, having ALL players tied playing concurrently on the same board.'

All players shall throw for the middle, with the player whose dart is closest to the bull throwing first, ending with the player whose dart is furthest from the bull throwing last (see 16.15.05). In the case of a team event, one representative per team shall throw for the bull.

During events at the Canadian National Championships, the order of throwing for the bull shall be determined by Team Number. During National Ranked Tournaments, the order of throwing for the bull may be determined by a toss of the coin. With more than two players tied, examples to be used: odd coin shoots first, and continue through tosses until all players have shot for the bull, or a random draw for order.

The first player or team to finish the game shall be awarded with the 1st available finishing position. The game shall continue, with each winning player or team awarded the next available position accordingly, until only one player or team is remaining.

20.02.02 Where ties occur and ALL players or teams tied continue to advance to the knockout round regardless of the tie-breaker results, final positions shall be determined by countback.

The final positions will be established on the basis of the games played in the Round Robin between all players or teams that are tied. Count the match wins/losses of all of those games. The player with the most wins would receive the first available position, with the player with the least wins receiving the last available position. Using the process of elimination, should an additional tie result when adding these points, conduct another countback amongst only those remaining tied until definite positions have been determined. In case of a 3-way tie that cannot be broken, then all 3 players would throw nine (9) darts each and the player or team with the highest total scored shall be awarded with the 1st available finishing position, with the lowest score receiving the last available finishing position. (All

players shall throw nine (9) darts. E.G.: In the case of a doubles event, each team shall throw a total of eighteen (18) darts.)
