INTRODUCTION

During the course of discussions that have taken place in the NDFC meetings that have been held since its inception, several items of NDFC Policy have been considered, and adopted.

However, such items do not form part of the NDFC Constitution, nor part of the NDFC Playing Rules or Codes of Practice and yet they are referred to by the NDFC Executive and Board during the course of business throughout the year.

The items in question are listed below in the sequences that they have arisen within the minutes of all NDFC meetings. Over the course of time, new regulations have been developed which supersede previous regulations. ONLY THE REGULATIONS CURRENTLY IN EFFECT ARE LISTED IN THIS DOCUMENT. This document shall be revised, as required, by the NDFC General Secretary and distributed to the NDFC Board of Directors on an annual basis.. Each Addendum to this document shall be updated independently, as required.

These are to be known as the NDFC Regulations.

If the fine is not paid by the tournament organizers, it then falls back onto the Province. The Province will be considered non-financial and the tournament will lose its NDFC ranking.

A selected number of tournaments from across Canada will be selected.

Ranked tournaments will either have a knockout or modified round robin format.

Ranked tournaments must use the NDFC playing rules for the singles "ranked" events.

All new ranked open tournaments and re-application of ranked tournaments shall pay the \$50 registration fee and must first be sanctioned, ranked and/or approved through the applicable Member Darts Body prior to receiving approval by the National Darts Federation of Canada.

The following formats shall be used during singles play at all NDFC ranked open tournaments:

- Players shall be seeded using the following sequence of ranking lists: WDF, NDFC and host province. Only the top 16 WDF ranked, top 16 NDFC ranked and top 16 Provincial ranked, may be seeded into the singles events at all NDFC ranked tournaments. All players present, in the top 16 NDFC ranked and top 16 Provincial ranked (if an official ranking system exists within that province), must be seeded into the singles events at all NDFC ranked tournaments. The top 16 WDF ranked players are only seeded when the event is WDF and NDFC ranked.
- The order of play shall be decided by a coin toss. The winner of the toss shall throw first in the first leg of the first set, and alternate legs thereafter in that match, except that for the final leg of the final set, if required to be played. The loser of the toss shall throw first in the second leg of the first set, and alternate legs thereafter, except that for the final leg of the final set. In the last and deciding leg of the last and deciding set, the winner of the original toss shall have the option of throwing first at the bull, or having the loser throw first at the bull. The player whose dart is closest to the bull shall throw first in the leg.
- Where sectional play is in effect, count back shall not be used to eliminate a player for advancing. A special play off shall be used.

Ranked tournament organizers shall submit results, by e-mail, to the NDFC Ranking Officer within 7 days of the event. Failure to comply will result in the registration fee being increased to \$150.00 for the following year. Checks or money orders, to cover the next year's registration fee and the \$1.00 fee per participant in the singles event, accompanied with the Re-Application form must be sent to the NDFC Ranking Officer within 30 days of the event. Failure to comply with these rules could result in the loss of all ranking points and a penalty fee of \$100.00 will be applied to the next year's registration fee, increasing the fee to a total of \$250.00. If in the following year, all deadlines are met, the bonding fee will revert back to \$50.00 for the next year.

Each National Ranked Tournament must have both men's singles and women's singles events.

A \$1.00 remittance fee per player must be submitted to the NDFC for all participants in the Singles Events (Men and Women).

Total zone, district and provincial competitors will be included in the count for NDFC ranking points for Provincial Championships.

The NDFC shall consider ranking any tournament, regardless of membership numbers within their member darts body, provided they meet the current ranking criteria.

All NDFC ranked tournament flyers shall:

- Indicate the guaranteed tournament prize payout (NDFC requires a minimum of \$3,000)
- provide a detailed list of pay outs for each finishing position for each advertised event
- include any province-specific rules or regulations regarding the enforcement of dress code or footwear requirements, over and above the NDFC Rules. The exclusion of these requirements on the flyer shall cause them to be unenforceable
- list NDFC approval
- **list Provincial approval number**
- be proofed by the NDFC ranking officer 60 days prior to distribution

* Electronic Mail shall be considered an acceptable form of Ranked Tournament Flyer Distribution.

All NDFC ranked tournaments under probation shall be noted on all future Ranked Tournament schedules.

All NEW NDFC ranked tournaments, after July 1st, 1997, if run by a dart league, MUST be a member of their provincial body with NDFC affiliation.

Due to an act of God, tournament organizers may reduce their tournament pay-outs to NO LESS than 100% of the entry fees. Should this occur, the tournament organizers must advise the competitors prior to the start of play on each day that is affected by the act of God. The tournament organizers must display a complete list of entries and pay-outs in a public area at the tournament following the completion of each event. The tournament organizers must submit written proof to the NDFC of this act of God, such as a Weather or Police Report.

Only "official" ranking lists shall be utilized for the purposes of seeding into NDFC Ranked Tournaments.

The order of ranking on all NDFC Official Ranking Lists, when a definitive position is required, for other than 1st place on the World Cup Team, will be determined by those tied players by their placement/points obtained in the National Championships recorded on that ranking list. Should a tie remain, the definitive positions shall be determined by those tied players by their placement/points obtained in the Provincial Championships recorded on that ranking list. Should a tie still remain, the definitive position will be obtained by the number of events it has taken to obtain these points by those tied players – with the player obtaining these points in less events receiving the higher ranking. Should a tie still remain, the definitive position will be determined by their position on the most current Official WDF ranking list.

In the event of a tie that affects whether the individual will not automatically represent Team Canada (1st place), the tie-breaker shall be as follows:

- When two players tied, the tied players shall play a match of the best of 5, 501 prior to the International Qualifier event held at the National Championships.
- When more than two players tied, a round robin of the best of 3, 501 shall be played. In the event of a further tie, the NDFC Tie-Breaker Rules shall apply.
